Welcome and introduction

Amina Taleb Ibrahim - SOLEIL Scientific Director

9:40
AM

Probing Molecular Magnetism on Superconductors via X-ray Magnetic Circular Dichroism

Giulia Serrano - Laboratory of Molecular Magnetism · University of Florence. Italy

10:20
AM

SOLEIL assisted design of narrow band gap nanocrystals for infrared optoelectronics

L'huillier Emmanuel - Sorbonne Université · Institut des NanoSciences de Paris. France

11:00
AM

ROCK: A Quick-EXAFS beamline dedicated for *in situ* or *operando* characterizations of materials

Valerie BRIOIS - ROCK Beamline · Synchrotron SOLEIL. France

11:40
AM

Discussions on future directions and needs

S2UO- Synchrotron SOLEIL Users Organization
